

Easter Morning Scavenger Hunt for the Easter Basket

Cut each clue out, fold it up, and put in an Easter egg. Next, place each egg in each of the rooms the clues lead to in the hunt. You will hand your child the first egg with clue, so you are only hiding four eggs total (eggs/clues 2-5).

- 1-Good Morning, you are up on this Easter day. Your first clue will lead you to where you do play.
- 2-Keep moving, don't delay. You have a big day ahead. Now go to the place where at last you lay down your head.
- 3-Way to go! You're doing well. This next clue will lead you to where you might use shower gel.
- 4-Don't take time to stop and look, head to the place where your food is cooked.
- 5-Hurry up, just a few steps more. Your Easter Basket is near the front door.
